

# Guttering & Steel Fascia

Integrating Functionality and Style

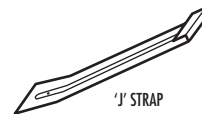

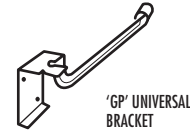

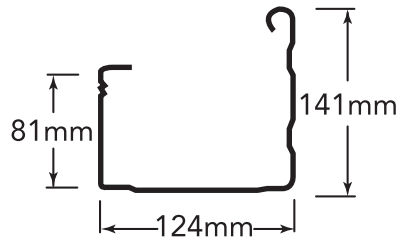

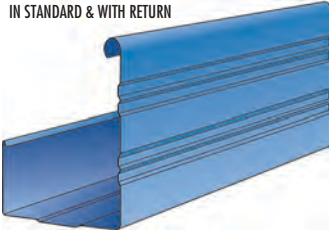

# Gutter Profiles

To complement Fielders unique steel roofing and building products, Fielders offer a comprehensive range of gutter profiles and sizes unique to each state in Australia.

## Fascia Gutter

- High front profile conceals roof tiles and sheet ends (especially useful on roof decking profiles)
- Easily mitred

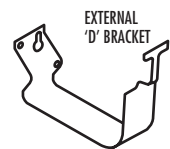

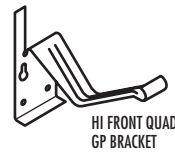

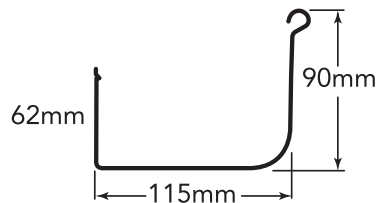

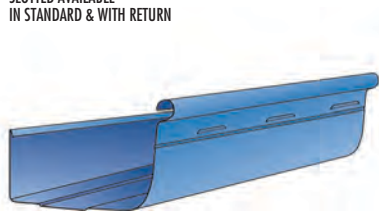

SLOTTED AVAILABLE  
IN STANDARD & WITH RETURN

## Hi Front Quad Gutter

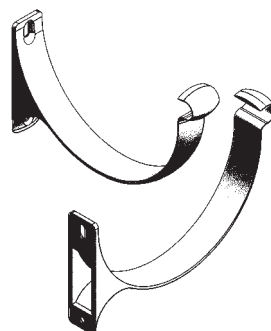

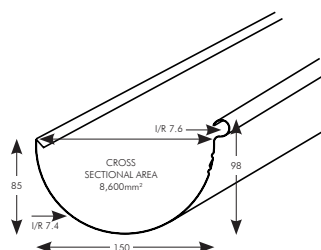

- Ideal for new home construction and established homes
- High front profile conceals roof tiles and sheet ends

SLOTTED AVAILABLE  
IN STANDARD & WITH RETURN

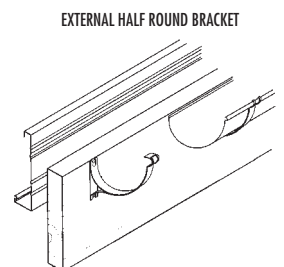

## 150mm Half Round Gutter

- Spanish style gutter • Large water carrying capacity
- External brackets allow this gutter to be easily cleaned
- Slotted available

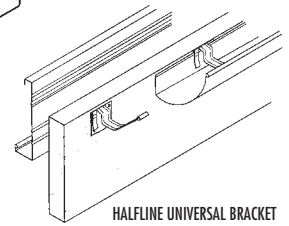

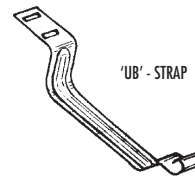

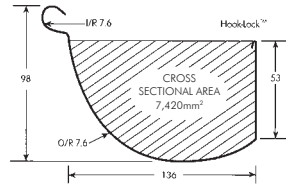

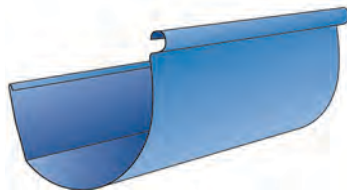

EXTERNAL HALF ROUND BRACKET

EXTERNAL HALF ROUND BRACKET

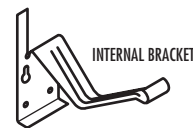

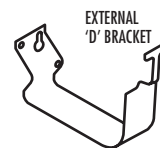

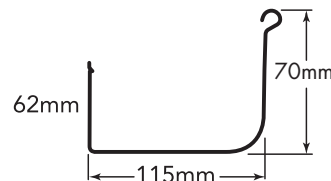

## Halfline Gutter

- Half round in appearance, but with all the benefits of modern-style gutters
- Streamline appearance – no external brackets, easily mitred

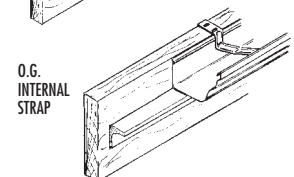

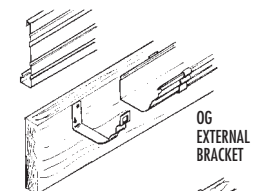

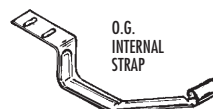

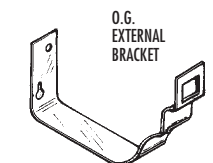

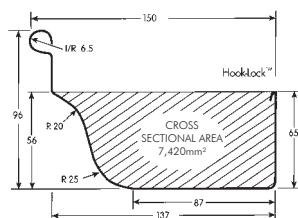

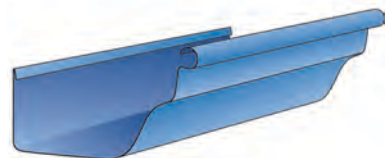

## Lo-Front Quad

- Stylish adaptable gutter profile
- Blends with older style colonial homes and new home constructions

## 125mm O.G. Gutter

- The high front conceals the bottom of roof tiles or corrugated steel
- Large water carrying capacity

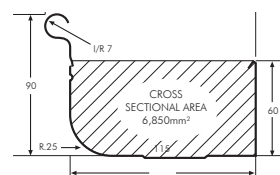

## Heritage Galvanised Gutters

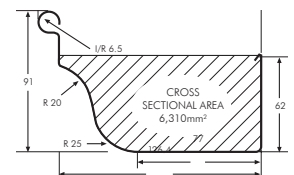

- Economical • Traditional style
- Ideal for traditional and heritage listed homes
- Optional slotted holes

- Long life – made from high strength Zinc
- Fits standard 115 - 125mm gutter profiles
- Well concealed – won't spoil the appearance of your house
- Available in handy 10m packs

# Material Warranty for Eaves Gutters and Downpipes

## Residential Applications

BlueScope Steel offers a warranty with respect to COLORBOND® steel for corrosion to perforation by weathering in the natural elements for a period of up to 20 years from the date of installation\*. BlueScope Steel also warrants that the paint system on COLORBOND® steel will not flake or peel due to natural weathering for a period of up to 20 years from the date of installation\*.

Where COLORBOND® Stainless Steel and COLORBOND® Ultra Steel are used in their recommended environments, the above warranties will apply for a period of up to 12 years for the date of installation.

For residential eaves gutters and downpipe applications BlueScope Steel also offers a warranty against corrosion to perforation by weathering of unpainted ZINCALUME® Steel in the natural elements for a maximum warranty period of up to 12 years from the date of installation.

For more information on obtaining a BlueScope Steel material warranty, simply visit [www.bluescopesteel.com.au](http://www.bluescopesteel.com.au).

\*For installation greater than 1km from salt marine influence.

Disclaimer:

Warranty terms and conditions apply. Warranties are not available for all products and applications. The duration and terms and conditions of available warranties vary according to product use and application. The warranty does not apply to fascia or box gutter applications.
