Fielders Watertight

At Fielders we offer the only Watertight Installation Guarantee on concealed fix in the business, for up to 20 years.

No more finger pointing

Typically, if something goes wrong with a roof everyone starts pointing their finger at everyone else - the builder blames the roofer who blames the air conditioning installer and so on. Even if you do manage to determine who's at fault, you may not be any better off, since fewer than 20% of builders and roofers stay in business for more than 10 years. With the Fielders Watertight Installation Guarantee,

you don't have to worry about pinning responsibility on anyone, because we gladly accept it from the outset. Should your roof leak due to an installation or product fault during the warranty period, we'll undertake repair or replacement work at no cost. No ifs, ands or buts.
